Pool and Spa Designs, Inc. is properly licensed to offer Aquatic Consulting and Engineering through its Certificate of Authorization (#25982) pursuant to Florida Statutes.

With more than 20 years of experience, **Pool and Spa Designs** specializes in Aquatic Engineering and Consulting for public and private pools, spas, fountains and interactive wet decks. We have performed services for thousands of swimming pool clients, including cost effective alternatives to comply with Building and Health Department requirements. Our staff can provide a full assessment of your facility, under the direct supervision of an Engineer licensed in the State of Florida.

SPECIALIZED SERVICES INCLUDE:

- New Construction for Commercial Pools
- Renovations, Modifications, and Additions for Commercial and Residential Pools
- Renovations for “go-green” Energy Efficiency
- Luxury and Multi-Feature Pool/Spa/Waterfall Combinations
- New Construction for High End Residential
- Investigations and Forensic Services
- Specialty Facilities for Recreation / Rehabilitation

Pool and Spa Designs’ engineers are uniquely qualified to provide design and engineering services that reflect client desires and meet code compliance on your project. We provide assistance from concept through final permitting and construction.
